

Friends Against Scams - Competition Argyll and Bute Community Councils

[Friends Against Scams](https://www.friendsagainstsams.org.uk) is a National Trading Standards initiative which aims to protect and prevent people from becoming victims of scams by empowering people to take a stand against scams.

Police Scotland would like to raise as much information about scams as possible and would like to invite all Community Councils in Argyll and Bute to take part in a competition to create as many “friends against scams” in your local area as possible.

The winning community council who creates the most friends against scams by the **end of April 2021** will be awarded a certificate as Argyll and Bute’s

Scam Awareness Community Council of the Year!

Encourage people in your local area to become a friend against scams by sharing on your community council social media, email, local press or other creative ways and encourage as many as you can to complete the online training found at

<https://www.friendsagainstsams.org.uk/training/friends-elearning>

which gives everyone completing the training package their own certificate which they can use to let their local community council know that they have become a “Friend Against Scams”.
